**Ch 18 Morongo Valley, CA**  
**Minor Modification**  
by WES, Inc. Broadcast Consultants

Morongo Valley, CA Channel 18 is filing this Minor modification due to displacement on their existing channel 5 as result of a cable head end problem. Ch 18 is short spaced to four stations, one Booster application 111 km away, K17EO an LPTV station 37.5 km away, KUSI a DTV station 151.2 km away , and KSCI an analog station 141.9 km away. There is no significant amount of interference created by Channel 18 to any of the four stations as shown in Exhibits 6-FLR-1 thru 8. Although, we have moved 5.5 km from our original site, we have not changed our elevation. Morongo Valley, CA Channel 18 is not short spaced to any other NTSC, DTV, Class A or LPTV stations as shown in Exhibits 6-NTSC ,DTV and LPTV.
