

This map displays the WDCI-TV market area, showing signal strength contours for WDTV-DT and WKJL-TV. The map includes a grid of latitude and longitude coordinates, with latitude ranging from 37°N to 41°N and longitude from 78°W to 82°W. The map shows the locations of numerous towns and cities in the region, including Chillicothe, Zanesville, and Columbus. The signal strength contours are labeled with values such as 48 dBu F(50,10) and 50 dBu F(50,10). The map also includes a scale bar indicating distances in kilometers (km) and miles (mi).
