307B Support

EXHIBIT E35—ENGINEERING SUPPORT FOR 307B SHOWING

1. This Engineering Showing has been prepared on behalf of Alex Media, Inc. (“AMI”), in support of its proposal for Belle Rose, LA, channel 295A. This Engineering Statement provides general technical information in support on the 307B Showing.

2. There are no White or Gray Areas associated with the Loss Area (Franklin 295C3 with 39 kilometer radius circle service centered at the reference site) or with the Gain Area (the proposed 295A 60 dBu service contour).

3. The population¹ and area associated with the proposed Belle Rose 295A facility (using actual facilities based on Section 73.313 methodology and 360 evenly-spaced radials) and the Franklin 295C3 facility (using the allotment reference site and uniform terrain and maximum 25 kW ERP facilities) are as follows:

Belle Rose 295A (the proposed)

70 dBu Population:	35,239	70 dBu Area:	757 sq. km
60 dBu Population:	153,554	60 dBu Area:	2,311 sq. km

Franklin 295C3 (the allotment)

70 dBu Population:	29,698	70 dBu Area:	1,188 sq. km
60 dBu Population:	65,225	60 dBu Area:	3,181 sq. km

4. There is one AM or FM station licensed at Franklin (KFRA AM). Belle Rose has no other licensed or assigned AM or FM stations. There are currently 15 licensed FM stations providing protected service to Belle Rose. The year 2010 population of Franklin is listed at 7,660 persons, with a downward trend of 69.4 persons per year since year 2000. The year 2010 population of Belle Rose is 1,902 persons (a slight loss of 4.2 persons per year since year 2000).

¹ All population data of this report are taken from year 2010 US Census data unless indicated otherwise.
