

**DECLARATION OF DOUGLAS CARR**

Douglas Carr deposes and states as follows:

As the volunteer Radio Ministry Coordinator for the Illinois Association of Seventh-day Adventists, among other broadcast-related responsibilities, I have had the task of maintaining and supervising the use of the Association's FM translator station, W229BZ, Canton, Illinois.

The Association entered into a Time Brokerage Agreement ("TBA") with WPW Broadcasting, Inc. on August 28, 2013, pursuant to which the translator station rebroadcast WPW's AM station. During the time while the TBA has been in effect, I have cared for the translator station on behalf of the Association. I have had 24/7 access to the transmitter and transmission chain. I have monitored the translator station regularly. I have periodically inspected the transmitter and other equipment at the translator station's transmitter site. I have performed minor adjustments and repairs as needed. I have at all times maintained control of the translator station on behalf of the Association.

The foregoing is true and correct to the best of knowledge and belief. This statement is given under the penalty of perjury.

  
Douglas Carr
