

Three Angels Broadcasting Network  
Dan Peek—Engineer  
P.O. Box 220  
West Frankfort, Illinois 62896  
August 4, 2009

In evaluating the proposed conversion to digital for K21HL, FID 132732, channel 21 was found to cause incoming interference to the reception of another translator in the same building. After thorough searching, channel 41 was found to cause no lethal levels of interference to other stations. Thus, Three Angels Broadcasting Network respectfully requests that the Commission look favorably on this application.
