*Radio License Holdings LLC* (“*Cumulus*”) is the licensee of WDRQ(FM), Channel 226B, Detroit, Michigan, with a Construction Permit to modify its Auxiliary Antenna (FCC Facility ID 70040, FCC File Number BXPB-20190624AAR). *Cumulus* herein requests a License to Cover the Construction Permit.

**Special Conditions**

**Condition 1** requires that prior to Program Test, measurements be made to assure that spurious emissions do not exceed those specified in Section 73.317(b) through 73.317(d). Measurements were performed by ERI on site after installation, and are included as a separate attachment to Exhibit 9.

Per **Special Condition 2**, *Cumulus* agrees that it, “...in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.”

**Conclusion**

It is therefore believed that the proposed facility satisfies all of the pertinent Commission Rules and Policies now in effect.
