Re: KPCV (FM), Portales, NM  
Oasis of Faith, Inc.  
Facility Identification Number: 170140  
Special Temporary Authority  
BESTA-20160614AAK

Dear Licensee:

This is in reference to the captioned request filed June 14, 2016, on behalf of Oasis of Faith, Inc. ("Oasis"). Oasis requests a second extension of the June 9, 2015 Special Temporary Authority ("STA") to continue broadcasting with the licensed antenna and site, but at reduced power. New equipment has been ordered and is expected soon.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Oasis' STA extension request merely states that the licensee is pursuing long term options for the station without detailing the current circumstances. It is not entirely clear that the circumstances fulfil the criteria above. We will grant the requested STA extension but advise the applicant to include a better description of current circumstances in any future STA extension request.

The request for STA extension IS HEREBY GRANTED. Station KPCV may continue to operate with reduced power. Oasis must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **December 13, 2016.**

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive style with a large, looped "D" and "B".

Dale Bickel  
Senior Engineer
