Applications for FM Boosters at Mayaguez and Ponce PR

Dear Mr. Anthony T. Lepore:

Thank you very much for the copy of your FCC application sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application and find that your installation is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Observatory. We therefore have no objection to your proposed installation.

Sincerely yours,

Dr. Sixto A. Gonzalez
Director

William Genter
Acting Spectrum Manager
