Notification of Increased Digital Power

Dear Sir or Madame:

On behalf of Entercom Sacramento License, LLC ("**Licensee**"), licensee of KDND(FM) ("**Station**"), (Facility ID No. 65483), the Commission is hereby notified of the increase in the digital effective radiated power of Station effective June 9, 2010.

Licensee hereby certifies that except for the power increase, its facilities conform to the iBiquity specifications. In the event of interference, questions should be directed to Licensee's local technical representative, Mr. Rick Rapalee at (916) 339-4205.

Station is operating with the following transmitter output power:

- Analog transmitter power: 24.5kW
- Digital transmitter output power: 3.6kW
- Combined Analog & Digital (Post Combiner) power: 22.9kW

Licensee hereby certifies that the KDND(FM) maximum analog effective radiated power of 50kW has remained unchanged since commencement of digital operations. The digital effective radiated power is now 0.791kW.

Licensee hereby certifies that the notified operation will not cause human exposure to levels of radio frequency radiation in excess of Section 1.1310 of the Commissions' rules and is therefore categorically excluded from environmental processing pursuant to Section 1.1306(b).

The undersigned counsel is authorized to represent that neither the licensee nor any party holding an attributable interest in the licensee is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 USC Section 862.
