AMENDMENT TO PENDING APPLICATION  
BPTTL20041220AAE  
MINERVA LOPEZ  
CORPUS CHRISTI TX  
DECEMBER 10,2007

This engineering amendment is being requested by FCC letter dated November 28 ,2007 asking applicant to correct antenna structure registration number, coordinates and above means sea level. You will see from application it has amended also letter stated some interference issues but does not give details to any specific stations. We ran new channel study and still continues to show issues with station KRIS-TV which has moved facilities to channel 13 and is constructed CDBS Database has not been corrected. Also Minerva Lopez is owner of station K35EU and is willing to accept interference to her own facility.
