STATEMENT FROM SUPERVISING ENGINEER

From **April 1st, 2014 to April 16th, 2014**, I personally supervised my crew from Ionos Communications, Inc., during the assembly and erection of the **Shivley DA-6810 SERIAL NUMBER 30683-1** antenna for radio stations **KLTG / KMJR , Corpus Christi / Odem , Texas.**

I hereby certify that all assembly and mounting instructions and drawings provided by the manufacturer were followed and that the antenna was assembled and erected on the tower as per those drawings and instructions.

I have supervised the assembly and installation of over **153** broadcast antennas throughout the south and southwest and am intimately familiar with the rules of the Commission regarding directional antennas for the FM radio service.

A handwritten signature in black ink, appearing to read "Richard Elizondo", is written over a horizontal line.

Richard Elizondo, Senior Consultant
Ionos Communications,
Corpus Christi, Texas
