RE: Antenna Installation on Tower in Section 22, T107N, R29W, Blue Earth County,  
Minnesota

Dear Mr. Cook:

On July 15<sup>th</sup>, 2005, I observed the antenna as placed on the above referenced tower.

Said antenna as placed at the 300-foot level is mounted to the northeasterly face of the triangular shaped tower. A line, projected perpendicular to this face bears North 61 Degrees East (Blue Earth County Datum).

If we can be of further assistance, please feel free to call.

Sincerely

Bradley C. Evans, PLS
