To whom it may concern,

B&H Tower Service, LLC installed one Shively 6513 2-bay antenna at a C.O.R. of 79' on a Rohn self-supoorting tower located at 6260 Egeria Road, Matoaka, WV. The antenna was directed at an azimuth of 318 degrees and installed per directions accompanying the antenna from Shively. Azimuth was verified by a sruveyor before the B&H Tower Service crew left the job site.

B&H Tower Service was started in 1994 and has completed hundreds of jobs across the United States for various companies (reference sheet enclosed). We have experience in numerous types of antenna installations including directional and omni-directional FM antennas, pcs, cellular, microwave, television, and two way radio antennas.

The crew leader on the job @ Matoaka, WV was myself, Mark Black, President of B&H Tower Service, LLC

Sincerely,

Mark Black
