File No.: BDISDTL-20100614ARD  
Facility Id No.: 64982

Dear Applicant:

On November 30, 2010, the licensee as addressed above was sent a 30 day deficiency letter outlining the following contour problem:

The proposed facility protected contour does not overlap with the protected contour of the licensed facility file number BLTTL-20081112AEY. The contours as referenced above must overlap in order for the proposed displacement to be considered as a Minor Change.

You were given the opportunity to file a minor amendment to resolve the specified protected contour problem within (30) days from the date of that letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Our records show that no amendment has been filed as of January 19, 2011, to resolve the above referenced contour issue; therefore, the above referenced application is considered incomplete and IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
