

Request for Special Temporary Authorization

Radio License Holding CBC, LLC (“RLH”), pursuant to Section 73.1635 of the FCC’s rules, hereby requests a special temporary authorization (“STA”) for radio station KURB(FM), Little Rock, Arkansas (Facility ID 19559) (“KURB”) for a period of 180 days.

Station KURB is licensed to operate non-directionally on Channel 253 with 100 kW effective radiated power at 392 meters height above average terrain. KURB is currently operating with 68% of its licensed power due to antenna damage.

RLH respectfully requests an STA for a period of 180 days pursuant to Section 73.1635 of the Commission’s rules to operate KURB with reduced power until it is able to replace the station’s existing antenna. The requested extension will serve the public interest because it will enable the station to continue to serve the residents of Little Rock and the immediate surrounding area until RLH can return the station to full licensed power.
