Re: Florida Talk Radio, LLC (FTR)  
WSRQ(AM), Sarasota, FL  
Facility Identification Number: 27663  
Special Temporary Authority (STA)  
BESTA- 20180326AAR

Dear Mr. Lampl:

This is in reference to the request filed on March 26, 2018. FTR requests a further extension of the STA granted on July 10, 1998, to continue operating from an alternate site to allow time to file the required FCC Form 302 application to cover BMP-20160825ABY.<sup>1</sup> In support of the request, we noted that the application has not yet been filed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA is GRANTED, and FTR may continue to operate the station using the following facilities:

Geographic coordinates	27° 19' 19" N, 82° 24' 27" W (NAD 1927)
Frequency	1220 KHz
Hours of operation	Daytime only

---

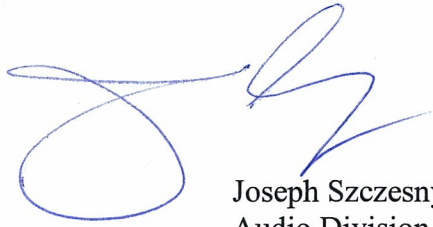

<sup>1</sup> WSRQ(AM) is currently licensed for DA operation on 1220 kHz with 1 kW day and 0.159 kW night, and BMP-20160825ABY proposes to utilize a new ND facility.

Operating power	0.15 kW
Antenna type	Vertical wire
Antenna efficiency	289.4 mV/m

FTR must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **November 1, 2018**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a final horizontal stroke.

Joseph Szczesny, Engineer  
Audio Division
