

Date: November 8, 2005

To Whom It May Concern:

This is to certify that Charles Ricky Harrison, a Mississippi Professional Land Surveyor (PLS-02810) visited the WYAZ radio tower located at 32 degrees, 48 minutes, 04 seconds, North Latitude and 89 degrees, 56 minutes, 31 seconds West Longitude and verified that the antenna was oriented to an azimuth of 358 degrees from a True Meridian as determined by solar observation.

Sincerely,

Charles Ricky Harrison
Charles Ricky Harrison, PLS
