In re: WKOV-FM, Oak Hill, OH
Jackson County Broadcasting, Inc.
Facility ID No. 29691
Construction permit BPH-20120326ALC
License application BLH-20120828AFW

Dear licensee:

License application BLH-20120828AFW contains a request to revoke or remove Condition #2 on construction permit BPH-20120326ALC, which precludes the commencement of program test operations at Oak Hill, OH until program test operations for WCMJ [Cambridge, OH] commence on Channel 274 [pursuant to WCMJ's construction permit BPH-20070405ABI]. In support of this request, the application notes that WCMJ's construction permit is now expired. The application also points out that the subject WKOV-FM construction permit changes the station's community of license only and does not involve any physical change in operations for WKOV-FM.

Given these circumstances, we find that processing on WKOV-FM's license application may proceed without Condition #2 first being satisfied. Program test authority to operate as specified in construction permit BPH-20120326ALC (excepting Condition #2) IS GRANTED.

Sincerely,

Dale E. Bickel
Senior Engineer
