Jacques Combeau, Manager
Almavision of Miami
1881 NE 146 Street
Miami, FL 33181

Re: Almavision of Miami (Almavision)
WKIZ(AM), Key West, Florida
Facility Identification Number: 11193
Special Temporary Authority (STA)
BESTA- 20160810AAH

Dear Mr. Combeau:

This is in reference to the request filed on August 10, 2016. Almavision requests a further extension of the STA granted on November 30, 2011, to operate with parameters at variance pending the filing of an FCC Form 302 application to update all operating parameters due to repairs done over the past five years (including the replacement of one tower).¹ In support of the request, Almavision stated that it plans to file the required FCC Form 302 application within 30 days in order to obtain a new license.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

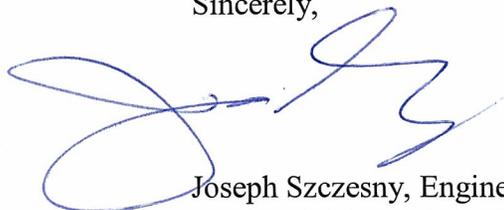

Accordingly, the request for extension of STA IS HEREBY GRANTED and station WKIZ may now operate with DA parameters at variance and reduced power if needed to

¹ WKJZ is licensed for DA operation on 1500 kHz with 0.25 kW (day and night).

maintain monitor points within licensed limits. It will be necessary to further reduce power or cease operation if complaints of interference are received. Almavision must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. Since Almavision must first file an FCC Form 302 with a proof (partial/method of moment) to obtain new operating parameters, a final STA extension request must be filed on the expiration date shown below based upon that application (if not yet granted).

This authority expires on **December 6, 2016**.

Sincerely,

Joseph Szczesny, Engineer
Audio Division, Media Bureau
