

This map displays the proposed digital television service areas for three stations in Los Angeles County. The map includes latitude and longitude coordinates along the edges, ranging from approximately 60°W to 118°W and 33°N to 60°N. Major cities and towns are labeled throughout the county.

- K220FR 60 dBu:** Indicated by a red outline, covering a large area in the northern and western parts of the county, including areas around Tico, Newhall, and San Fernando.
- KVCR 60 dBu:** Indicated by a green outline, covering a large area in the eastern and southern parts of the county, extending towards the coast.
- Proposed 60 dBu:** Indicated by a blue outline, covering a central area around Los Angeles, including areas like Burbank, Glendale, and Pasadena.
- Proposed 40 dBu:** Indicated by a black outline, covering a smaller area in the central part of the county, primarily around Los Angeles.

The map also shows various other locations and landmarks, such as the Pacific Ocean coastline, major highways, and numerous smaller communities across the county.
