

## **Exhibit 2**

Tyger River Radio, a non for profit Corporation in good standing and registered in South Carolina as of October 30, 2013, is designed to provide its coverage area with an outlet for local music, local news and local high school sports broadcasts. Emphasis will be placed on educating local citizens on the operation of a broadcast facility and inform the community of local events. This also applies to allowing members of the community to share other educational and informative situations.
