

OWNERSHIP ANALYSIS
FOR WKIF ACQUISITION

This ownership study is provided as an analysis of the aural broadcast market formed by the acquisition of station WKIF(FM) and other co-owned stations.

WKIF is not located within an Arbitron Metro area; as a consequence, the permitted common ownership is determined using the contour overlap methodology. The attached exhibits include the city grade contours, 3.16 mV/m (70 dBu) (FM) and 5 mV/m (AM), of all stations intersecting any of the mutually overlapping stations, including noncommercial facilities, and exclude any stations with a transmitter site greater than 92 km from any portion of the mutually overlapping area, as well as any commonly owned stations which do not mutually overlap the defined markets.

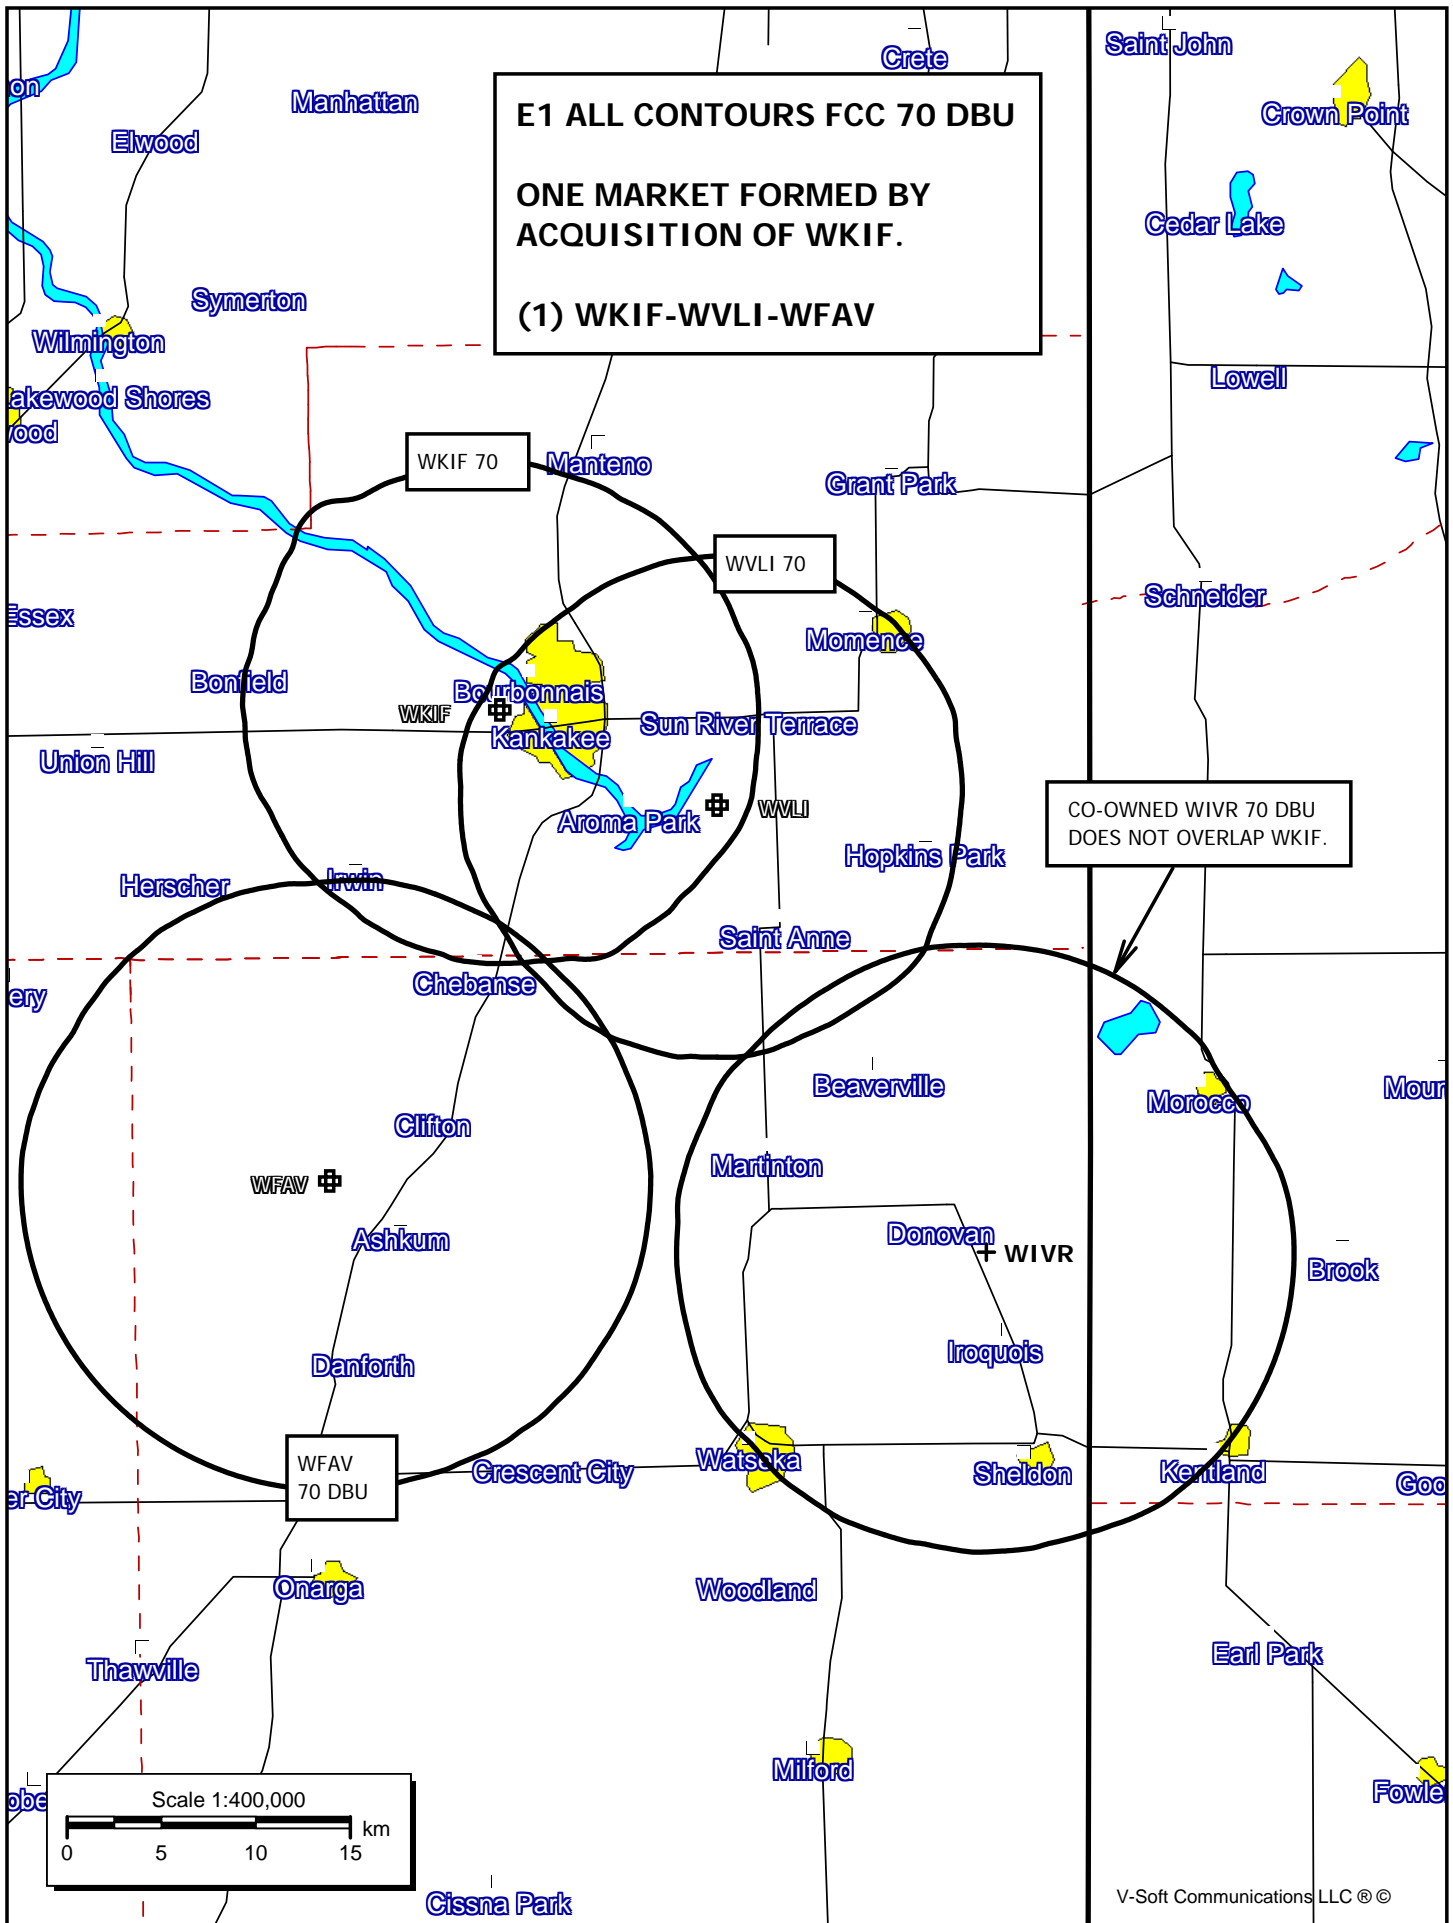

Exhibit E1 shows all of the commonly owned stations' city grade 70 dBu contours. The mutually overlapping contours of WKIF, WVLI and WFAV create one market. The only other co-owned station, WIVR, does not overlap with WKIF.

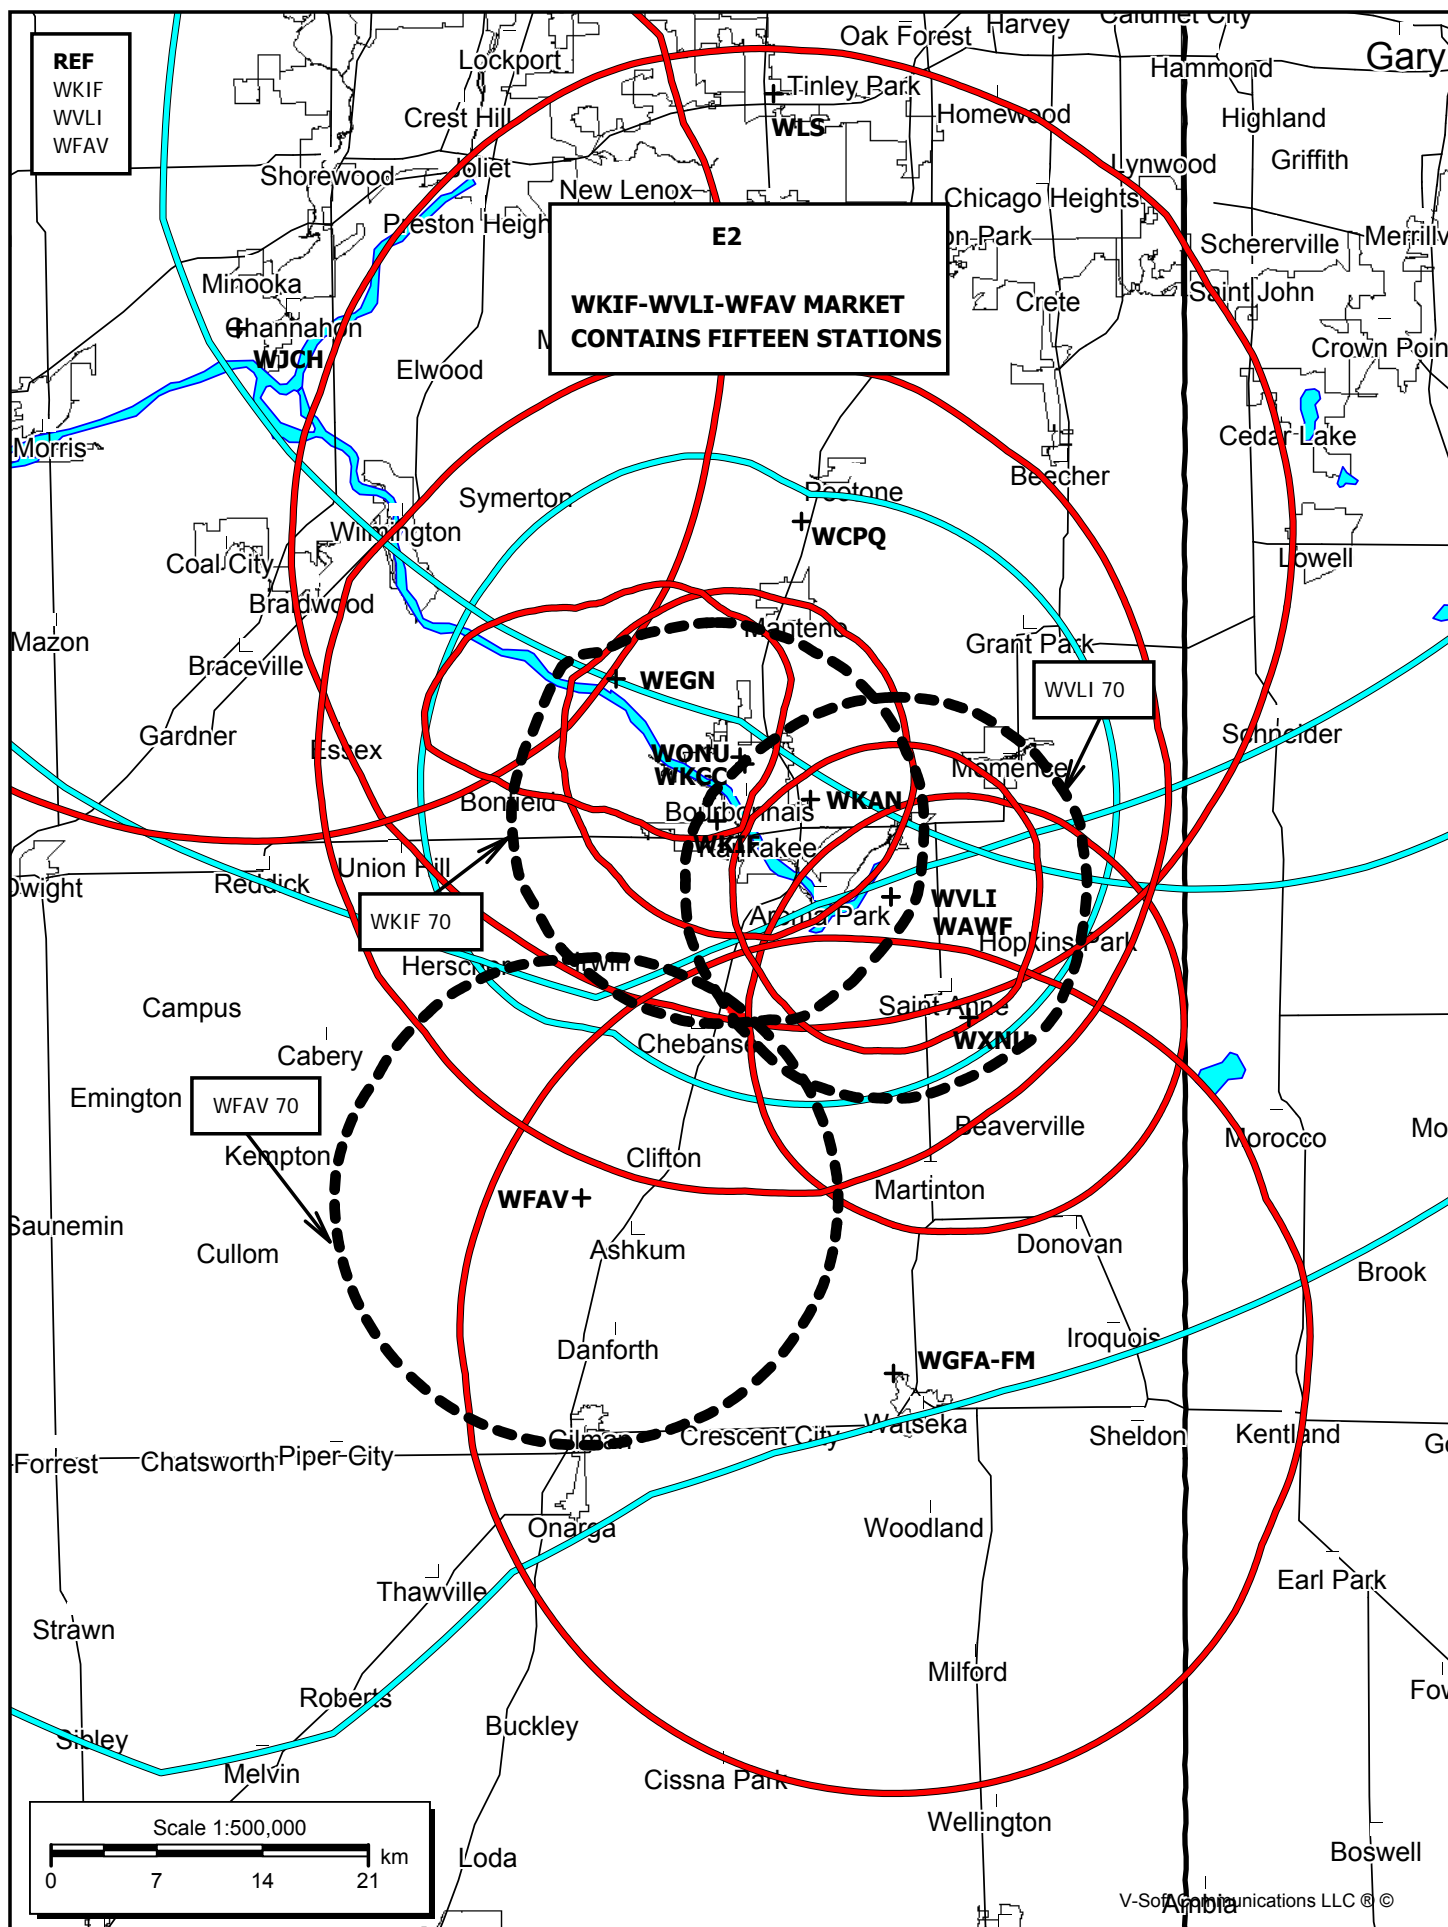

WKIF	224A	Kankakee	IL BLH19861007KB
WVLI	236A	Kankakee	IL BLH19990311KA
WFAV	279A	Gilman	IL BLH20110503ACU

A plot of this market is included as exhibit E2 and a listing as E3 showing a total of fifteen (15) stations for the mutually overlapping market of three (3) FMs which is permissible in accordance with CFR §73.3555(a)(1)(ii) and (iii).
