***Exhibit 1  
April 2005***

**Amendment to pending Construction Permit modification BPED-20050209AVB**

The above referenced modification is hereby amended to correct a typographical error.

Section VII FM Engineering Tech Box No. 9, effective radiated power, is corrected from 7.7 kW (V) to 7.0 kW (V).

All other information currently contained in the pending modification is based upon an effective radiated power of 7.0 kW (V). Included with this Amendment are the originally filed FM Engineering Exhibits 13, 15, 18 & 22, which remain unchanged.
