

## DECLARATION OF TECHNICAL CONSULTANT

I, David H. Greenlee, subject to penalties of perjury, do declare the following:

I am a graduate of Eastern Kentucky University with a Bachelors of Science degree in Communications Technology. I have held a First Class/General Radiotelephone license since 1965. I have been continuously engaged in broadcasting and telecommunications work as hands-on, supervisory, Director of Engineering and station owner/operator. I have planned, built and maintained AM, FM and TV facilities over a 50 year career. This includes both small stations and at the network level of national events.

Mr. Wallingford had contacted me to optimize the pattern with the antenna manufacturer, PSI, using the parameters that were on file for construction permit BPH-20160523ABP.

From early stages, I have worked with Wallingford Broadcasting on the WLFX antenna upgrade. I am familiar with the proposed pattern and the installation site. I was present on site during the installation and personally built each bay and parasitic assembly that comprised the array.

I Certify that I have overseen the installation of the WLFX directional antenna. Final configuration conforms to the specifications of the manufacturer for permit BPH-20160523ABP.
