Re: Mainstreet Media of Colorado, LLC (MMCL)
KKCL(AM), Golden, CO
Facility Identification Number: 161314
Special Temporary Authority (STA)
BESTA-20230208AAC

Dear Mr. Lontine:

This is in reference to the request filed on February 8, 2023. MMCL requests a further extension of the STA granted on December 17, 2018, to continue operating from an alternate site with a long wire antenna to allow time to file the required FCC Form 302 application (after BP-20220805AAI has been found acceptable and granted).¹ In support of the request, we noted that the application remains pending at this time.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is GRANTED, and MMCL may continue to operate using the following facilities:

Geographic coordinates	39° 45' 59" N, 105° 14' 12" W (NAD 1927)
Frequency	1550 kHz
Hours of operation	day and night
Operating power	0.2 kW (day), 0.0875 kW (night)

¹ KKCL(AM) is licensed for operation on 1550 kHz with 0.99 kW ND (day) and 0.35 kW DA (night), and BP-20220805AAI proposes to move to a new transmitter site using 1 kW day/0.21 kW night with an ND antenna.

Antenna type

36.6 meter long wire antenna

MMCL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on **August 22, 2023**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
