File No. BMP-20110716AJN

Dear Mr. Martin:

This is in reference to the above-captioned minor change application filed by Fjarli Broadcasting, a General Partnership (Fjarli), to modify Construction Permit BMP-20091118AGY of station KFJL(AM) by decreasing tower height and the antenna efficiency.

A preliminary review of the application reveals that the environmental review process has not been completed. Accordingly, no further action on the application can be taken until after an acceptable environmental assessment is submitted and Item # 11 in the FCC Form 301 is changed to "YES".

Further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter to file a curative amendment. Failure to amend or respond will result in the dismissal of the application pursuant to Section 73.3568 of the Commission's Rules.

Sincerely,

Son Nguyen
