## *Mission Statement :*

Our Vision in Amor Y Misericordia la Estacion is to inform, orient, and instruct our Spanish Speaking Community of relevant news pertaining to their community. Our programming is directed with the goal to enrich the individual, the family and the city to a better quality of life with varying segments on issues such as health, finances, and community awareness. By keeping the Spanish speaking community informed on such issues will help their overall health and community stability.

## *Our Programs :*

We are currently running an online radio station found on our website <http://iglesiadediosamorymisericordia.org/estaci-n.html> where we are running programming 24hours 7days a week. We have live shows Sunday through Friday and pre recorded shows on Saturdays.

We currently are running Financial Discussions Tuesdays and Thursdays, and Family Health with help from third party (free, no contracts, no say in our radio station) Company known as Focus on the Family.

On our Live shows Sunday-Friday where we speak of Family health and individual growth focused to our spanish speaking individuals. We currently have 10 Hosts who offer the meat of our programming.

We fill our non live time with Disc Jockey's Music and announcements of news in our community.

With the addition of LPFM as a new medium for us we would be able to further strengthen our ties to our local spanish speaking community, There by generating a new avenue for them to keep informed and organized.
