

Killeen Independent School District  
Eligibility Exhibit  
LPFM Application  
Facility #195226

The instant application seeks an authorization for a new LPFM construction permit for Killeen Independent School District (the “Applicant”).

The Applicant is eligible for an LPFM station authorization under 47 C.F.R. Section 73.503 of the Commission’s rules, which applies to LPFM stations pursuant to 47 C.F.R. Section 73.801. 47 C.F.R. Section 73.503 provides that a noncommercial educational (“NCE”) FM broadcast station “will be licensed only to a nonprofit educational organization and upon showing that the station will be used for the advancement of an educational program.”

The Commission has previously determined that the three basic NCE eligibility requirements are: (1) nonprofit educational organization; (2) an educational goal or purpose; and (3) use of station programming to further that educational purpose. As more fully described below, the Applicant identified in the instant application and the proposed use of the LPFM station meets each of the NCE eligibility requirements.

**The Applicant is a nonprofit educational organization.**

The Applicant is a public school district based in Killeen, Texas. In addition to Killeen, the Applicant serves the cities of Harker Heights and Nolanville as well as all students residing at Fort Hood. The district covers western Bell County and a small portion of Coryell County.

The Applicant is accredited by the Texas Education Agency.

**The Applicant possesses an educational goal or purpose.**

The Applicant operates a bona fide, full-time school in the community where it proposes to operate. Under the Commission's standards, the Applicant is presumed to have an educational purpose.

**The Applicant will use the station to further the Applicant's educational purpose.**

The station and its programming will further the Applicant's educational purpose. Specifically, the Applicant will also integrate the station into its curriculum. The Applicant anticipates that the station will be used to teach its students communication, management, and technical skills.

The Applicant is prepared to submit additional information regarding its educational purpose and the proposed use of the station upon request. However, it is respectfully submitted that the foregoing establishes its eligibility pursuant to established precedent to apply for the facility proposed in the instant application.
