Summit County filed in Auction 85, applications to operate on channel 21 in Peoa, Utah. Summit County is aware that University of Utah has a translator on channel 22- K22DM. We believe that we can operate our channel 21 along with K22DM with no interference. If there is interference we will work together with University of Utah to eliminate the interference.

Summit County,

Director of Engineering
Date:

University of Utah has a license, K22DM in Summit County. We have been made aware that Summit County has applied for a channel 21 at their Peoa site. University of Utah also believes that there will be no interference from the operation of these channels. If interference occurs we will work with Summit County to eliminate the interference.

University of Utah, Field Engineer
