

Duluth-Superior Area Educational Television Corporation  
632 Niagara Court  
Duluth, MN 55811

**Station WRPT-DT Hibbing, MN**  
**Facility ID 159007**

ENGINEERING STATEMENT IN SUPPORT OF APPLICATION OF LICENSE TO COVER

**Studio Location:** Duluth-Superior filed on February 27, 2009 a waiver request of FCC Rule 47 C.F.R. Section 73.1125 for station WRPT-DT Hibbing, MN. A copy of the request is attached for reference.

**Environmental:** The proposed construction does not require preparation of an Environmental Assessment, as it does not involve any of the factors listed in Section 1.1306.

**RF Radiation:** The additional ground level RFR contributed to the site by this proposal in public areas is calculated to be 0.007105 mW/cm<sup>2</sup>, which is less than 5% of the MPE for public exposure (0.383333 mW/cm<sup>2</sup>) at the proposed frequency and, therefore, the proposal is excluded from further consideration.

WRPT-DT agrees to comply with the Commission's requirements regarding power adjustments or cessation of operation as may be necessary to ensure a compliant environment for worker access. Workers are encouraged to wear personal RFR monitors when on the structure. A locked security fence encloses the tower base and appropriate signage warning of RFR hazards are posted.

**Notification of Health Care Facilities:** WRPT-DT has taken due diligence to provide notification to health care facilities that could be subjected to interference per the condition of the construction permit. Since operation began at the first of the year under STA authority no complaints or reports of interference have been received.

**Certification**

I hereby certify that the statements made herein are true and correct to the best of my knowledge and belief.

Rex P. Greenwell      Dated: June 3, 2009  
Director of Engineering
