

FCC Form 301
Radio Station KYRT(FM),
FCC Facility ID No. 165378
March 2010
Attachment to Exhibit 3

STATEMENT RE OTHER MEDIA INTERESTS

1. Munbilla Broadcasting Properties, Ltd. (*MBPL*), the applicant, is the licensee of the following radio stations:

- KBEY(FM), FCC Facility ID No. 40764, Channel 223A, Burnet, Texas;
- KRHC(AM), FCC Facility ID No. 34949, 1340 kHz, Burnet, Texas; and
- KHLB(FM), FCC Facility ID No. 83109, Channel 273C2, Mason, Texas.

2. MBPL is also the permittee of the following radio stations:

- NEW(FM)*, FCC File No. BNPH-20070430CFO, FCC Facility Id No. 170991, Channel 299A, Hamilton, Texas;
- NEW(FM)*, FCC Facility Id No. 170992, Channel 269C3, Mason, Texas; and
- KYRT(FM)†, FCC Facility Id No. 165378, Channel 249A, Mason, Texas (the station that is the subject of this Application).

3. MBPL has also filed a Petition for Rule Making and a related FCC Form 301 Application for a Construction Permit for a New Commercial FM Broadcast Station to serve the community of Kingsland, Texas, FCC File No. BNPH-20090812AAL.

4. MBPL has also filed a Counterproposal in MM Docket No. 09-181, and a related FCC Form 301 Application for a Construction Permit for a New Commercial FM Broadcast Station to serve the community of Early, Texas, FCC File No. BNPH-20100301ACP.

5. Munbilla Fort Hood, Ltd. (*MFHL*), a sister entity of the applicant, is the licensee of radio station KHLE(FM), FCC Facility ID No. 34948, Channel 295A, Kempner, Texas.‡

Key to symbols:

* -- Unbuilt facility.

† -- Facility constructed; application for license to cover Construction Permit (FCC File No. BLH-20091110AAN) pending.

‡ -- Application for Minor-Change Construction Permit to shift to Channel 280A (FCC File No. BPH-20080625AAV, as amended) pending

6. Munbilla Kerrville, Ltd. (*MKL*), another sister entity of the applicant, is the licensee of radio station KRZS, FCC Facility Id No. 165377, Channel 260C3, Hunt, Texas.

7. MFHL and MKL each have an ownership structure identical to that of MBPL.

8. As the attachment to Exhibit 5 to this Application indicates, the principal-community contour of the proposed relicensed and relocated KYRT facility does not overlap the principal-community service contours of any of the other facilities specified above. The proposed facility therefore complies with even the most stringent requirements of the local radio multiple-ownership rule, § 73.3555(a)(1)(iv).
