

This map shows the Long Island Sound area, including parts of New York and Connecticut. The WNYG transmitter is located near the center, with a 25-mile circle around it. The map includes a grid with latitude and longitude coordinates (e.g., 41-00, 73-15, 72-45, 40-45). Various towns and locations are marked, such as Stony Brook, Port Jefferson, Hempstead Harbor, and Great Neck. The map also shows the coastline of Long Island and the surrounding waters.
