Re: Brahmin Broadcasting Corporation  
(BBC)  
KJMP(AM), Pierce, CO  
Facility Identification Number: 129513  
Special Temporary Authority (STA)  
BESTA-20170410AGT

Dear Mr. Silberberg:

This is in reference to the request filed on April 10, 2017. BBC requests an extension of the STA granted on October 13, 2016, to continue ND operation pending completion of the repairs to all fire damaged equipment.<sup>1</sup> In support of the request, BBC states that additional time is needed to complete the repairs in order to resume licensed operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for an extension of the STA IS HEREBY GRANTED, and BBC may continue to operate ND using tower #3 of the array, with a maximum of 0.3 kW day and 0.080 kW night. It will be necessary to further reduce power or cease operation if complaints of interference are received. BBC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. A final STA extension request should be filed before the expiration date

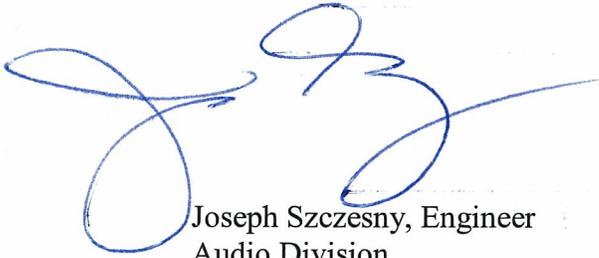

---

<sup>1</sup> KJMP(AM) is licensed for DA operation on 870 kHz with 1.2 kW day and 0.32 kW at night, using different patterns.

shown below if BBC would like to operate with DA parameters at variance pending the filing of an FCC Form 302 application to update all operating parameters (or pending submission of an e-mail certifying the date the station resumed licensed operations per BL-20040709ADS with negligible changes).

This authority expires on **November 11, 2017**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Szczesny', is written over a faint horizontal line.

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau
