@ - A TV Channel 6 study will be provided in Exhibit 13 of this application.

* - A study will be provided for this station to more clearly show that it is fully spaced.

- Contour protection does not have to be shown as WVYA, Williamsport will be the primary station that will be rebroadcast.

\$ - Contour protection does not have to be shown as W207AA proposes operation with less than 100 watts ERP (10 watts) and is not subject to any 53 or 54 channel spacing requirement.
