WKYC-TV, Inc. (“*WKYC-TV*”) is the permittee of digital television station WKYC-DT, Cleveland, Ohio. *WKYC-TV* has completed construction of the DTV facility authorized in the construction permit (“CP”) FCC File No. BPCDT-20080402ACS. The instant statement has been prepared to report a change in the Antenna Structure Registration (“ASR”) number.

The post-transition WKYC-DT facility was constructed as authorized in the CP with one exception. The CP specifies the supporting structure as ASR number 1013919. *WKYC-TV* constructed a new supporting structure for WKYC-DT directly adjacent to the authorized tower. The new supporting structure, ASR number 1265403, is identical in overall height to that of the authorized tower and is located approximately 15 feet from the old tower. As such, the coordinates shown in ASR number 1265403 when converted from NAD-83 to NAD-27 and rounded to the nearest second are identical to that specified in the CP. The old tower will be dismantled.

The applicant respectfully requests that the final license authorization for WKYC-DT reflect the change in ASR number.
