

APPLICATION FOR STATION LICENSE
MTD, INC.
KNMB RADIO STATION
CH 244C - 96.7 MHZ - 0.5 KW
CLOUDCROFT, NEW MEXICO
September 2004

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of MTD, Inc. ("MTD"), licensee of radio station KNMB, Channel 244C, Cloudcroft, New Mexico. MTD has an outstanding permit to construct a new auxiliary FM facility for KNMB (BXPB-20040217ADD). This instant application seeks a license to cover the outstanding permit. Attached, as Exhibit A, is a calculation of the transmitter output power for the KNMB auxiliary facility.

There was a lone operating condition listed on the KNMB permit. The condition relates to radio frequency radiation limits at the site. MTD herein restates that it will, in cooperation with other tower users, reduce the power of KNMB or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines.

Based on the foregoing information, it is believed that all conditions on the KNMB permit have been satisfied.
