Program Test Authority

Dear Applicant:

This letter is in reference to KLRD's request for program test authority ("PTA") filed September 19, 2011 and the simultaneously filed application for license to cover Construction Permit BPED-20041124AGK. The PTA request included exhibits demonstrating compliance with the special operating conditions regarding the directional antenna.

A review of KLRD's request for program test authority reveals that the facilities were constructed pursuant to the terms and conditions of Construction Permit BPED-20041124AGK, and the provisions of 47 C.F.R. § 73.1690(c). Accordingly, Program Test Authority IS HEREBY GRANTED to commence operation pending further action on KLRD's license application. The maximum effective radiated power is 0.6 kilowatt (H&V) and the transmitter power output is 0.34 kilowatt.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
Audio Division
