RE: WCCP Radio Tower Pendleton, SC
Antenna Placement (509 Harper Road, Pendleton, SC 29670)

Dear Mr. Milstead,

This is to certify that on this date April 30, 2014 field verification to determine the orientation of the antenna system was made for the above referenced site. Based on this verification, the true North Azimuth of the installed antenna system is 345 degrees,

If you have any questions or need additional information please feel free to contact me at any time.

With best regards,

Earl B. O'Brien, SC PLS# 10755
