

EXHIBIT 5
FCC Form 301
Section II, Item 4

Multiple Ownership Compliance

The purpose of this exhibit is to demonstrate that the instant modification of KHOV-FM, Wickenburg, Arizona, complies with the FCC's multiple ownership rules.

Station KHOV-FM is licensed to a subsidiary of Univision Communications Inc. ("UCI"), which, through subsidiaries, is the ultimate owner of the following additional broadcast stations in the Phoenix Arbitron radio market and Nielsen television DMA:

KHOT-FM, Paradise Valley, Arizona
KOMR(FM), Sun City, Arizona
KQMR(FM), Globe, Arizona
KKMR(FM), Arizona City, Arizona
KTVW-DT, Phoenix, Arizona
KFPH-DT, Flagstaff, Arizona

Radio Multiple Ownership

As reflected in the attached BIA Media Access Pro report, each of the above radio stations, with the exception of KKMR(FM) is physically located in and home to the Phoenix Arbitron radio market. Upon grant of the instant modification application, KHOV-FM will remain physically located in and home to the Phoenix radio Metro. Pursuant to Section 73.3555(a)(1)(i), in a radio market with 45 or more full-power, commercial and non-commercial radio stations, one party may hold an attributable interest in up to eight radio stations, not more than five of which are in the same service. As reflected in the BIA report, the Phoenix Arbitron Metro includes 59 radio stations. Thus, UCI's common ownership of the above-referenced radio stations complies with the radio multiple ownership rule.

Attached is a map demonstration that the 70 dBu contour of KKMR(FM) overlaps that of KHOT-FM and KQMR(FM), creating an additional market consisting of three FM radio stations. Pursuant to Section 73.3555 of the Commission's rules, an entity may hold an attributable interest in three FM radio stations in a market so long as there are at least 14 stations in the market. The attached map (prepared by UCI's Technical Consultant) demonstrates that there are more than 14 stations in the market created by the intersection of stations KKMR(FM), KHOT-FM and KQMR(FM). Accordingly, common ownership of the stations complies with the radio multiple ownership rule.

Radio-TV Cross Ownership

UCI, through subsidiaries, owns two television stations in the Phoenix, Arizona DMA: KFPH-DT, Flagstaff, Arizona and KTVW-DT, Phoenix, Arizona. The attached service contour map (prepared by UCI's Technical Consultant) reflects that the digital noise limited service contour of KFPH-DT does not overlap the communities of license of any of the radio stations listed above, nor do the 1mV/m contours of the radio stations wholly encompass Flagstaff, the community of license of KFPH-TV. The digital noise limited contour of KTVW-DT wholly encompasses the communities of Paradise Valley, the community of license of

KHOT-FM, Sun City, the community of license of KOMR(FM), Arizona City, the community of license of KKMR, and Wickenburg, the community of license of KHOV-FM. Thus, the relevant market would include one TV station and four radio stations.

Under the radio-TV cross-ownership rule, Section 73.3555(c), one party may hold an attributable interest in up to two TV stations and six radio stations, or one television station and up to seven radio stations, if at least 20 independently owned media voices would remain in the market. As reflected in the BIA report, 20 or more independently owned radio voices would remain in the Phoenix, Arizona Metro without consideration of additional television, cable and newspaper voices in the Phoenix DMA. Accordingly, UCI's common ownership of KTVW-DT and the above-referenced radio stations complies with the radio-TV cross-ownership rule.
