Ms. Marlene H. Dortch, Secretary
Federal Communication Commission
445 12th Street, SW, Suite 222
Washington, D.C. 20024

Re: BPED-19970113MA, Facility ID Number 85076, Seminole, OK (KZXV)

Dear Ms. Dortch:

Enclosed is an original and two copies of a Minor Amendment for the above referenced file. The Love Station, Inc. "Love" is requesting a Waiver of the Federal Communications Commission's rule §73.1125. Love is requesting the waiver to our licensed facility in Ponca City, OK (KLTV). This waiver will enable Love the economic benefits of a centralized operation, as the Commission has recognized (Memorandum Opinion and Order in MM Docket 86-406, 3 FCC Red 5024 (1988)).

Love is requesting this waiver because Love at this time does not have a studio site for the station. Love wants to begin operations as soon as possible and a Waiver would allow this to happen. Love would like to begin construction as soon as the waiver is granted.

If you or your staff has any questions concerning the enclosed, please contact me.

Sincerely,

Doyle Brewer
President

cc: Michael Wagner
