

Exhibit 6
Waiver of Main Studio Rule
Schoolcraft, Michigan
BMPED-19991104AAR

Family Stations, Inc. ("Family Stations") requests a waiver of Section 73.1125 in order to operate noncommercial station WOFR(FM), Schoolcraft, Michigan, without the maintenance and staffing of a main studio in strict compliance with the Commission's rules. Family Stations is the licensee of numerous noncommercial radio stations, many of which have received waivers of Section 73.1125 in order to operate as satellite stations. In order to realize the savings in operational costs and the efficiencies that are realized by satellite station operation, Family Stations respectfully requests similar waiver for WOFR(FM).

Station WOFR(FM) will operate as a satellite of Family Stations' network, which includes headquarters facilities at KEAR(FM) San Francisco, California, KEDR(FM), Sacramento, California, and seven "parent" stations that operate main studios in full compliance with Section 73.1125 of the rules.

As a satellite facility, WOFR(FM) will maintain program origination capability and equipment in Schoolcraft and will have a toll-free phone number that can be used by residents in Schoolcraft and the surrounding area. Through the use of part-time employees and local volunteers in the Schoolcraft area, Family Stations will contact local community leaders on at least a quarterly basis to ascertain community needs and interests, and to develop programming that is responsive to those ascertained needs and interests. These ascertainment efforts will be supervised by management level full-time employees of Family Stations located at the nearest parent station and by Peggy Renschler, Compliance Coordinator and Assistant Secretary for Family Stations, who is located at KEDR(FM) in Sacramento, California. Family Stations management personnel will also subscribe to the local newspaper serving the Schoolcraft area in order to assist in staying abreast of local issues. The local public inspection file for WOFR(FM) will be located at its designated main studio, WJCH(FM), Joliet, Illinois.
