Re: K10OG, Lompoc, CA
File Nos. BDCCDTL-20141029AAA
BDFCDVA-20140611ACC
Facility ID No. 41125

Dear Counsel/Licensee:

This is with respect to the Petition for Reconsideration ("Petition") filed by Entravision Holdings, LLC ("Entravision"), seeking reconsideration of the dismissal of a digital construction permit application (File No. BDCCDTL-20141029AAA) seeking a digital companion channel. Entravision contends that dismissal of its application was erroneous. For the foregoing reasons, we grant Entravision's Petition. We also grant Entravision's request to have its current digital construction permit canceled and the underlying application dismissed (File No. BDFCDVA-20140611ACC).

On June 26, 2014, the Commission granted a digital construction permit to Entravision authorizing it to flash-cut to digital operations on its currently authorized channel 10. The Petition states that on October 29, 2014, Entravision simultaneously filed a request for dismissal of its previously granted digital construction permit and filed a new application seeking a digital companion channel on channel 45 to facilitate the digital conversion process. The new application for a digital companion channel was dismissed by the Commission on November 7, 2014. The Video Division has no record of ever receiving Entravision's request for dismissal of its current digital construction permit and no copy of the letter was included with the Petition. Upon request, counsel for Entravision provided a copy of the letter to Video Division staff. We find that reinstatement of Entravision's previously dismissed digital construction permit application and, as Entravision has requested, dismissal/cancellation of its current digital construction permit is appropriate. In addition, we find that in reaching our decision we need not pass upon any other arguments raised by Entravision in its Petition.

Accordingly, the Petition for Reconsideration filed by Entravision **IS GRANTED** and digital companion channel application (BDCCDTL-20141029AAA) **IS REINSTATED**. Furthermore, Entravision's request to have its current digital construction permit for Station K10OG-D, Lompoc, CA **IS GRANTED** and the construction permit for File No. BDFCDVA-20140611ACC **IS CANCELED** and the underlying application **IS DISMISSED**.

Sincerely,

Hossein Hashemzadeh
Deputy Chief, Video Division
