## **SUPPLEMENTAL TECHNICAL EXHIBIT**

**AMENDMENT TO MINOR CHANGE IN LICENSED FACILITY  
KSEX-LP, FCC FACILITY ID 48838  
FCC FILE NUMBER BDISTTL-20051021AGR  
COMMERCIAL BROADCASTING CORP.**

**Portions of application amended.** The within amendment makes only the following two revisions in the application as filed.

Engineering, Section III:

*Question 10, ERP toward Radio Horizon is reduced from 70 kW to 35 kW.*

*Question 11, Maximum ERP in any plane is reduced from 150 kW to 35 kW.*

The previously attached exhibits remain in force and are amended only to the extent of the within reduction of effective radiated power as applicable.

In support of interference claims, the most recent version of the Techware Longley-Rice study was performed and a full record of the result is retained on file in this office; it is available upon request.
