Re: West Virginia Educational Broadcasting Authority

Special Temporary Authority
BSTA-20121130AON

Dear Counsel:

This is in reference to the request filed November 30, 2012, on behalf of West Virginia Educational Broadcasting Authority ("WVEBA"). WVEBA requests authority to move to a new site, in advance of the grant of construction permit application BPED-20121113ALQ and at reduced power, to make way for Dominion Power construction at the presently licensed transmitter site.

By separate action today, we have granted construction permit application BPED-20121113ALQ. Inasmuch as the STA requests the identical station parameters specified in the construction permit (including the directional antenna pattern), we see no basis for authorizing reduced power operation for any time period. Consequently, this STA request is DENIED.

Sincerely,

Dale Bickel
