**RE: Requested STA for FM Translator W215BF, Manitowoc, WI
BLFT-20000128ADG / Facility ID 92411**

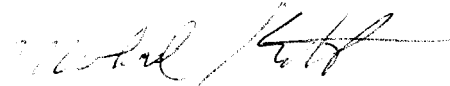

Dear Mr. Myers:

Calvary Chapel of Twin Falls, Inc. ("CCTF") is respectfully requesting Special Temporary Authority to remain silent for its FM Translator W215BF, Manitowoc, WI, Facility ID # 92411 for the reasons stated below.

On June 10, 2005 the owner of the existing tower that W215BF has been operating from for several years, ASR # 1051113, shut our equipment off and is requiring all tenants to immediately vacate the tower and premises. A Construction Permit was granted for W215BF, BPFT-20041027ACS, to operate from another tower site in Manitowoc, but due to special conditions on the underlying CP concerning AM Tower impedance measurements, CCTF is not able to construct at that site. Another tower has been located, that is not near an AM tower, and permission has been given for W215BF to operate from that site. An application for a minor modification of the underlying permit BPFT-20041027ACS is being submitted on today's date and CCTF is respectfully requesting that W215BF be allowed to remain silent until such a time that the modification can be granted and the translator be reconstructed at the new site.

If you have any questions please contact Lois Mills at 208-733-3133 ext 206.

Sincerely,

Michael Kestler, President
Calvary Chapel of Twin Falls, Inc.
