Re: Request For Contingent Relinquishment of Construction Permit
File No. BFT-20090817AAO

Dear Ms. Dortch:

JRD, Inc. is licensee of Station W271AM, Tuscaloosa, Alabama, and hold an outstanding construction permit with file number BFT-20090817AAO (the "CP") to modify W271AM.

Iron City Radio, LLC, licensee of W270BW, Birmingham, Alabama, desires to modify W270BW to change frequency and effective radiated power and will file an application seeking such a modification [the "W270BW Modification Application"]. However, due to interference, the W270BW Modification Application cannot be approved by the Federal Communications Commission unless the W271AM CP is modified or relinquished.

To enable approval of the W270BW Modification Application, JRD, Inc. has agreed with Iron City to relinquish the CP [file no. BFT-20090817AAO] simultaneously with the grant of the W270BW Modification Application. This willingness to relinquish the CP is contingent upon simultaneously approval of the W270BW Modification Application. Thus, if the FCC does not approve the W270BW Modification Application, the CP shall not be cancelled. Further, no action is agreed to or shall be taken which will adversely impact the W271BW license currently held by JRD, Inc. Further, JRD, Inc. does not through this letter consent to any modification of W270BW other than the W270BW Modification Application, a copy of which has been supplied JRD, Inc. today. A copy of this letter shall be filed as an attachment to the W270BW Modification Application.

Accordingly:

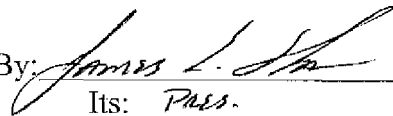

1. JRD, Inc. consents to this letter being filed with the W270BW Modification Application;
2. Contingent upon, and simultaneously at the time of, FCC approval of the W270BW Modification Application, JRD, Inc. agrees to relinquish the CP [file no. BFT-20090817AAO];

JRD, INC.

Marlene H. Dortch, Secretary
Federal Communications Commission

3. Thus, upon such FCC approval of W270BW Modification Application, the terms of this letter become effective and JRD, Inc. has agreed that simultaneously at the time of such approval, the FCC shall cancel the CP;
4. Provided however, if the FCC does not approve the W270BW Modification Application, the CP is not relinquished and shall not be cancelled.

JRD, INC.
