**ENGINEERING STATEMENT IN SUPPORT OF APPLICATION OF ROBERT
ADELMAN, KTRO-LP, BPTTL-20021217AAB, LANCASTER, CA**

A Longley-Rice terrain-dependent interference study was performed in accordance with OET Bulletin 69 in connection with KOCE-TV, Huntington Beach, CA. The study revealed that the application for KTRO-LP creates no area of interference to the KOCE-TV protected contour and no population loss suffered by KOCE-TV.

With respect to K50AR, facility ID 38318, the FCC cancelled that license on October 22, 2002.

Data supporting the above statements is on file in our office.
