In re: Low Power Television Application of:
Hispanic Christian Community
Network, Inc.
Channel 29, Denison, TX.
File No.: BMPDTL-20090917AAA
Facility Id No.: 130952

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that the proposed facility protected contour does not overlap with the protected contour of the licensed facility file number BLTTTL-20080813AAS. The contours as referenced above must overlap in order for the proposed modification to be considered as a Minor Change.

In addition to the contour issue, our preliminary engineering review reveals that your proposed antenna relocation exceeds 30 miles.

As an alternative, if you wish to proceed with the above mentioned relocation, please refer to Public Notice DA 09-1487 - Released June 29, 2009.

You are hereby given the opportunity to file a minor amendment to resolve the specified protected contour problem and the antenna relocation issue within (30) days from the date of this letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Sincerely

Hossein Hashemzadeh
Associate Chief
Video Division
Media Bureau
