

Cedar Cove Broadcasting, Inc. ("Cedar Cove"), is a non-profit, tax-exempt ministry whose primary objective is to provide educational, informational, cultural, and family oriented programming. Cedar Cove certifies that the Commission has previously granted a broadcast application that found Cedar Cove qualified as a noncommercial educational entity with a qualifying educational program (File No. BALED-20051214ACO). Cedar Cove will use the Fort Washakie station to advance a program similar to that which the Commission found qualifying in Cedar Cove's previous applications. Cedar Cove will offer educational programming for adults, families, and youth through (1) local talk programs offering discussions on issues of concern, (2) educational and call-in programs on topics including family interaction, religious issues, personal finance, and other social issues, and (3) cooperation with local schools and churches in the promotion of the schools' and churches' activities and presentations.
