Re: Cedar Cove Broadcasting, Inc. (CCB)  
KPHX(AM), Phoenix, AZ  
Facility Identification Number: 13790  
Special Temporary Authority (STA)  
BESTA-20210223AAI

Dear Mr. Michael:

This is in reference to the request filed on February 23, 2021. CCB requests a final extension of the STA granted on November 27, 2017, to continue operating with the existing drop wire antenna located at the KSUN transmitter site to allow time for our staff to review the pending FCC Form 302 application BL-20210303AAE.<sup>1</sup> In support of the request, we noted that further action on the application is anticipated in the upcoming months if no problems are found.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and CCB may continue to operate with the drop wire antenna authorized by BMP-20191230AAA with a maximum of 0.25 kW (day) and 0.025 kW (night). CCB must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the

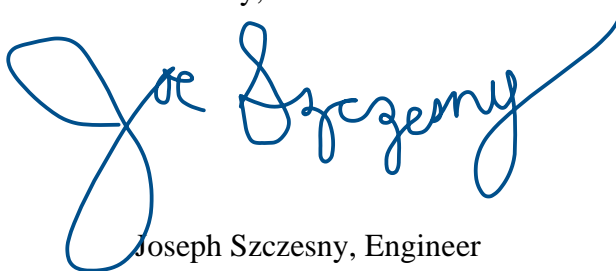

---

<sup>1</sup> KPHX(AM) is licensed for DA operation on 1480 kHz with 5 kW day and 0.5 kW night, and BMP-20191230AAA authorizes a drop wire antenna system at the KSUN site using 1 kW day, and 0.033 kW night.

Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on **September 8, 2021**.

Sincerely,

A handwritten signature in blue ink, reading "Joe Szczesny". The signature is fluid and cursive, with a large loop at the beginning of the first name.

Joseph Szczesny, Engineer
